

Superior Elementary Snapshot

November 21, 2014

Dear Parents,

This is the time of year that we reflect on all that we are thankful for; all of the staff members at SES would like to thank our PTA and all of our families for supporting our fundraising efforts. We are so grateful to have two academic tutors working with our third and fourth grade students. Kim Orr has been working with our third graders and Stephanie Bensler has been working with our fourth graders. Without the financial support from our PTA we would not be able to have this academic support for our students. We are also very excited about the technology order that we just placed, again, thanks to our PTA; we will be purchasing 16 iPad minis and 28 chrome books for students to use in the classrooms.

Report Cards went home today and are in your child's Friday Folder. As stated in previous communications, the report card states end of the year and content unit standards. Your child is working towards meeting these standards by the end of the current school year. Teachers rate students on how they are progressing towards these standards at the end of each trimester. Not all standards will be taught each trimester. This will be indicated by a blank space. If you have any questions, please contact your child's teacher. The next conference window is in February, but one can be scheduled at any time during the year; you don't need to wait until February if you have any concerns. After signing the envelope, please return it and keep the contents of the report card envelope.

The Superior Elementary staff would like to wish you and your family a very Happy Thanksgiving! We are so fortunate to work with you and in this community where children are a focus and priority. Working with your children is one the blessings we are so thankful for! We hope you have a safe, enjoyable and restful week with friends and family.

Sincerely,

Jenn Bedford
